Colleagues,

As more of your faculty, students and staff transition to remote work, you may want to point them to the [library's homepage](#). Members of the university community who go to [www.lib.umich.edu](http://www.lib.umich.edu) will see a banner at the top that says "Keep Reading and Researching". If they click on that banner, it will guide them through the steps they need to preserve uninterrupted access to the online journals to which we subscribe.

Best,  
James
