The University of Michigan is located on the traditional territory of the Anishinaabe people. In 1817, the Ojibwe, Odawa, and Bodewadami nations made the largest single land transfer to the University of Michigan. The land was offered ceremonially as a gift through the Treaty at the Foot of the Rapids so that their children could be educated. Through these words of acknowledgment, the nations' contemporary and ancestral ties to the land and their contributions to the University are renewed and reaffirmed.

## Today's Commencement Speaker

**PIRINKA GEORGIEV TUTTLE, BS '17**

Pirinka Georgiev Tuttle is a clinical researcher and clinician in translational clinical sciences at Pfizer.

Pirinka focuses on designing innovative clinical trial protocols, which include the utilization of novel technologies for endpoint qualification and development in studies across the disease portfolio. She has also published scientific work in the field of digital medicine in peer-reviewed journals and held leadership roles in pre-competitive public and industry consortiums focused on patient-centricity. A Michigan native, Pirinka received her Bachelor of Science in Pharmaceutical Sciences from the University of Michigan College of Pharmacy. She is currently pursuing a master's degree in biology from Brown University.
