

**COLLEGE OF  
PHARMACY**

UNIVERSITY OF MICHIGAN

# Minors

Students may request to complete a minor in another academic unit at Michigan while pursuing the BSPS degree. An excellent way to explore another academic discipline is to declare a minor for a more purposeful selection of electives. Completion of a minor is determined by the minor department based on their academic requirements. Students must meet with their minor department advisor for information on declaring, requirements, and graduation (i.e. the minor release step before graduation). Schedule an appointment with the minor advisor to declare.

The currently approved minors offered with the BSPS degree are:

- Afroamerican and African Studies
- Applied Statistics
- Asian Languages and Cultures
- Biochemistry
- Biology
- Business Administration
- Chemistry
- Community Action and Social Change
- Complex Systems
- Computer Science
- Creative Writing
- Crime and Justice
- Ecology and Evolutionary Biology
- Education for Empowerment
- English
- Entrepreneurship
- Environment
- Food and the Environment
- French
- Fundamentals of Public Health Supplemental Studies (FPHSS)
- Gender and Health
