

Pharmacy at the Pharmers Market

16 S. Washington St.
9:00am - 1:00pm

A Sweet Step Toward Better Health

Join us for free blood sugar and A1c screenings, along with helpful information on understanding the results and managing blood sugar levels.

Safety Starts with Education

Join us for an inclusive, all-ages event focused on building safer, healthier communities through practical education and open conversation.

Learn about and access:

- Safer-sex resources and education
- Condoms, Plan B emergency contraception, and Opill birth control
- Naloxone (Narcan) and harm-reduction strategies, presented with The Lookout Project

The more we learn and share, the safer our communities become. Everyone is welcome!

Supplies are available while quantities last. Age or eligibility requirements may apply to certain products.
