

# Pharmacy at the Farmers Market

*Free screenings, health education, and seasonal wellness support*

16 S. Washington St.  
9:00am - 1:00pm

## Healthy Hearts, Healthy Community

Join us for free blood pressure screenings, along with helpful tips on understanding and managing blood pressure.

A limited number of **at-home blood pressure monitoring cuffs** will also be available for community members while supplies last.

## A Sweet Step Toward Better Health

Join us for **free blood sugar screenings**, along with helpful information on understanding the results and managing blood sugar levels.

## Stay Protected: Vaccine Education

End the summer market season with our students as they share helpful information on how vaccines can protect you, your loved ones, and our community during flu and COVID season. Learn which vaccines may be recommended based on your age and health needs.

We will be returning 9/12 for our Annual Vaccine Clinic!
